

WO Community State Of The Union

The WebObjects Community Association

Not a real association, it's more of a moral support thing :-)

Our mission:

- Present an organizational structure and single point of contact with Apple to influence and support the continued development of WebObjects;
- Support, motivate, and enable WOCommunity activities;
- Market WebObjects and member services in ways in which that Apple is not willing and/or capable of doing.

The members of the Steering Committee are :

- Alex Cone
- Chuck Hill
- David LeBer
- Pascal Robert
- Janine Sisk

The WebObjects Community Web site

www.wocommunity.org

What you will find on it:

- A portal to other WebObjects resources (wiki, blogs, etc.);
- A podcast directory (including a RSS feed);
- A directory of organizations who use WebObjects;
- A “Getting started” page;
- Jobs posting;
- A FAQ for current users of WebObjects.

The WebObjects Community Web site

Some stats (from January 1th 2008 to May 17th 2008)

How can I help?

- Blog about WO!
- Write tutorials!
- Add documentation in the wiki!
- Translate wocommunity.org in other languages!
- Submit patches and new code to Wonder or release your own frameworks!
- Do podcasts about WO!

ONE LAST WORD...

THANKS TO ALL OF YOU FOR THIS GREAT
WEBOBJECTS YEAR!
